COMPOSITE DOOR
COLLECTION

Open the door with Kudos...

At first, the number of different doors on the market can be bewildering. Where do you start? How can you be sure you're making the right choice? It's simple. You need to think about what you need from a door then look at how it measures up against what's out there.

Then again, you could simply choose a Kudos Premium GRP composite door. Why? Because against every criteria, a Kudos Premium GRP composite door more than makes the grade.

A Kudos Premium GRP composite door has been designed to be both beautiful and practical.

We have a variety of distinctive door ranges and decorative glass ranges. Both are available in a wealth of colours so you can design a door that makes a perfectly personal statement about you and your home. You'll also find lots of little design touches that set our door apart from others on the market and make your home stand out from your neighbours'.

When it comes to practicality, a Kudos Premium GRP composite door more than measures up too. It meets and exceeds all the UK's security standards for domestic doors. And it offers exceptional protection

from the elements, something that's reflected in the fact that it's the most thermally efficient door you can buy, helping you to reduce your heating bills and your carbon footprint.

Read on to find out more about what a Kudos Premium GRP composite door has to offer – and start to decide which door you'll choose.

Open the door to Kudos.

Why choose a Kudos Composite Door?

Stunning Aesthetics The woodgrain finish on a Kudos Premium GRP composite door was developed from oak tree grain, creating a beautifully authentic appearance. Unlike lesser doors, you'll find the same woodgrain effect and moulding design on the slim glazing cassette too, giving a seamless, elegant finish and impressive kerb appeal.

.....

Exceptional Durability A Kudos Premium GRP composite door's high impact resistant glass reinforced polyester (GRP) skin will maintain its pristine appearance in the face of everyday knocks and scratches and beyond. This durability is reflected in the comprehensive manufacturer's structural and surface warranties that come with every Kudos Premium GRP composite door.

.....

Superb Sound Installation A Kudos Premium GRP composite door has a weighted noise reduction of 31 decibels. It means you can be sure your new door will keep outside noise to a minimum, helping to make your home the haven you want it to be.

Excellent Weatherproofing A Kudos Premium GRP composite door has water resistant polymer composite rails that protect its core. This means it won't suffer from water absorption which can lead to skin delamination and cause functional problems that lesser products have. Your door will keep the weather at bay and stay looking good for longer.

.....

Beautifully Low Maintenance Everything about a Kudos Premium GRP composite door is designed to be easy to maintain, including the triple glazed insulated glass unit which encapsulates the delicate decorative glazing between two panes of clear glass, protecting it and making it easy to keep clean.

.....

“Understated style.”

Esteem

Our Esteem range offers understated style and is ideal if you want your door to make a statement of quiet confidence. Choose the standard Esteem option for perfect simplicity or, if you want to add a twist, choose from the Eyebrow or Arch options.

Stable Doors

The Stable door is the ideal solution for a back door, yet is the perfect choice for a front door too. You can open the top to bring light into your home while still keeping children in – or animals out!

Image: Stable with Andorra Glazing

Apart from the very different look of a Stable door, the opening upper leaf can provide both sight and ventilation, while keeping the lower leaf closed to prevent children or animals leaving the home.

On a pleasant summer's day, one can well imagine the pleasure of looking out of the door and smelling the air while leaning on the rail of the lower leaf, and just passing the time...bliss!

The Stable door we offer is not, as so often is the case, a Renown door that has been cut to form the upper and lower portions of the Stable door. This is the genuine article: constructed specifically with a mid-rail so that when cut through, it forms two leaves.

Each leaf is completely surrounded by a rigid subframe providing stability and security, as well as weather protection.

The hardware that is used has been tested thoroughly for suitability of purpose, such that the locks, rack bolt (that joins the two halves), and rebate forming extrusions and rain deflectors, have been specifically designed.

A variety of colours are available as are glazing options. Something different and a bit special....and worth thinking about.

Solid Doors

Far from being the safe choice, a solid door is the ultimate expression of confidence. With no decorative glazing to draw the eye, you can focus instead on the stunning moulding and beautiful woodgrain.

Contemporary Doors

Our contemporary door range offers dramatically positioned glazing panes for a stunningly sophisticated finish. They make a bold choice, offering an ideal combination of designer style and low maintenance, thermally efficient practicality.

You can choose from a variety of different designs. Each one provides a perfect contrast between the beautifully authentic oak grained finish and the elegantly positioned glazing panes which provide a focus for the eyes – all you need to do is choose the one that's right for your home.

Available in the standard colours of white, black, blue, green, red, gold oak and rose wood, you can also select from any of the colours in our range (you can see them all on pages 34 and 35). Combined with your choice of glazing design, the result is a wonderfully stylish statement that sets the tone for the rest of your home.

Sidelights

“When you need more than just a door”

Many doors also have side panels that extend the decorative glazing over a wider area and make a stunning design statement. Our Esteem, Esteem Arch, Esteem Eyebrow and Classical Half Glaze doors also have matching side panels available, allowing you to upgrade that perfect design statement. The side panels offer all the benefits of our GRP composite doors and mean you can create a complete and completely beautiful entrance.
